PROJECTS

Web Developer

Project#1: Static LinkedIn Page

- Created a Static LinkedIn Page to showcase my web development skills, with sections for projects, News, Profile Picture, Summary and contact.
- The Webpage is designed using HTML and CSS, and optimized for desktop.
- Successfully completed the [Static LinkedIn Page] within the given deadline, utilizing HTML and CSS to create a fully visually appealing static webpage. The project included [navigation bar, contact form, layout design, etc.], and was delivered on time with careful attention to detail, ensuring both functionality and aesthetic design.

Project#2: Basic Calculator Web Application

- Developed a functional basic calculator using HTML, CSS, and JavaScript.
- The project features a clean, user-friendly interface with the ability to perform basic arithmetic operations (addition, subtraction, multiplication, division).

- Designed with HTML for structure, styled with CSS for a responsive and visually appealing layout, and integrated JavaScript to handle calculations and user inputs. Delivered a smooth, interactive experience for users across different devices.

STRENGTH

- ✓ Hardworking.
- ✓ Quick Learner.
- ✓ Creative.
- ✓ Having Team Lead Quality.

HOBBIES

- Drawing, Painting and Sketching.
- Photography.
- Editing Photo's and Video's.
